Professional Experience

Novalyte AI | Technical Founder - GTM Systems & Revenue Operations | Jan 2025 - Present

- Built 0-to-1 GTM and Revenue Operations systems for a men's health ecosystem spanning patient acquisition, a clinic directory, workforce exchange, and marketplace commerce; translated business needs into CRM processes, data schemas, lead routing, and internal dashboards.
- Built AI-native account intelligence workflows combining Firecrawl, Exa AI, Clay/Apollo enrichment, fit scoring, and Salesforce/HubSpot writeback to create outreach-ready records.
- Developed MCP services for automated company research, decision-maker discovery, intent signals, and personalized outbound handoffs with structured validation.
- Connected research, enrichment, CRM, and campaign workflows through APIs and webhooks, replacing repeated manual research and data-entry steps with reusable automations.
- Built BigQuery/Supabase dashboards and feedback loops to monitor funnel signals, scoring quality, and workflow impact for GTM operators.

Zendesk | Sales Operations Analyst | May 2023 - Feb 2025

- Supported North American enterprise sales teams through Salesforce workflow optimization, pipeline management, forecasting support, and operational reporting.
- Built and maintained executive dashboards that converted sales activity and pipeline data into conversion, forecasting, and performance insights for revenue leadership.
- Partnered with Sales, Marketing, and Operations teams to improve lead handoffs, routing processes, CRM data standards, and cross-functional execution.
- Led CRM data-cleanup and process-improvement work that improved pipeline visibility and enabled more reliable sales-performance analysis.
